

EC4101 (L1): Microeconomic Analysis III

Lecturer: Parimal Bag

Forum Protocol

Welcome to all EC4101 (group 1) students!

Here are a few suggestions to keep the forum in good order.

Use a Heading

As indicated, please use a topic/subject heading to inform the participants what it is about. Then write briefly and clearly what you want to say. Writing too much runs the risk of not being read by most. Also, you must always mention your official name for any post that you want others to read (such as ‘Sincerely, so and so’); anonymous posting defeats the purpose of an academic forum.

If you have a specific question for me

I strongly suggest that you use the forum to ask subject related question rather than email. Email is mainly for addressing personal matters (absence, medical, letter of reference request, etc.)

Use “For Instructor:...” in the heading, if you are directing your question towards me specially. I’ll answer if the question is well-articulated and it is for the benefit of a majority of students. But I’ll first let other students answer, as often your peers (and yourself) are quite smart.

I’ll check the forum once a week but cannot guarantee the exact day or time.

Keep it specific to the module

Any discussion on the forum should be purely academic and specific to this module.

Thanks.
